WHO WE ARE

Mission The Ethiopian Community Los Angeles, ECLA, is an inclusive, nonpolitical, nonreligious, and tax exempted organization aiming to address the social, economic, and educational needs of Ethiopian immigrants, and others in similar situations, residing in the Greater Los Angeles area of Southern California. ECLA is committed to promote the history and the cultural heritage of Ethiopia at large.

Vision Our vision is to see Ethiopian immigrants in Los Angeles and its surroundings be fully integrated, united, equally addressed, and benefitted from the socio-economic and educational opportunities available in the country while advancing their cultural heritage and history.

Testimonials

⇒ Volunteering at the senior center in Inglewood with the Ethiopian seniors has been a rewarding experience. It has given me a chance to make a positive difference in the lives of the seniors and has in turn enriched my life. Most of all, their blessings and the joy on their faces make it all worthwhile. I am grateful to my fellow volunteers for their continued support, guidance, and encouragement.

Volunteer Magdella Germachew

⇒ I salute the new pioneering team helping the seniors with social service consultations. Good start with good results.

Senior Alemu T. Woldemariam

⇒ Playing soccer with the Ethiopian community gives my family the chance to connect with fellow Ethiopians and helps my children practice soccer.

CORE VALUES

The values that guide our work and define our mission

- We promote **inclusiveness**, so members feel safe, respected, and comfortable in expressing all aspects of their identities.
- We celebrate the **diversity** and autonomy of individual members.
- We **empower** members to willingly give service with transparency and accountability.
- We practice responsible **stewardship** of resources, as well as expenditures in pursuance of our organization's mission.
- We intentionally encourage **intergenerational** social interactions to facilitate the acquisition of language, culture, and history.
- We respond to our communities **responsively** by acting as a bridge to link community members to existing social and government programs.
- We practice **transparency** by committing to sharing publicly our financial records, focusing on results, and sharing the data to display impact.
- We secure **trust** by being accountable to each other, to the mission, to our members, donors, partners, and to the public.

Our 5 Priorities

Acquire new members and donors

Deepen community engagement

Raise awareness of our worthwhile mission

Increase our volunteer network

Attract corporate sponsors and nonprofit partners

EXECUTIVE SUMMARY

We continue to work hard at the Ethiopian Community Los Angeles to support and serve our communities in 2023 and beyond. We have sustained and strengthened our communities through new programming, collaborations, and partnerships. We are increasingly getting better at funding our various programs through multi-channel fundraising efforts, sponsorships, grants, and donor engagement. We are proud to share that we have a bold new five-year strategic plan in place that we hope will inspire mission centric action and profoundly impact the communities we serve. We have multiple programs that we are growing

organically focusing on the needs we see in our communities. We work hard to identify and engage our varied stakeholder groups spread out across the Greater Los Angeles area. To secure targeted feedback we collaborate with our volunteers and various other stakeholders to craft questions that generate feedback that informs our decision-making process. This year we are getting closer to realizing our long-time dream of housing our programs and creating a hub in our city where our members and supporters can gather to celebrate their cultural heritage and find solutions to the challenges they are facing in their everyday lives. We will continue to host our workshops at various community spaces and use digital means to broadcast our programs until such time we are housed. In the following pages you will read about the incredible work our volunteers are executing and the impact they are making in our communities. We are pleased to share our progress and our strategic plan moving forward with you. We hope to show you why it is imperative that you invest in us and grow with us.

Join us to build a flourishing organization and thriving communities.

POWER IN COMMUNITY

We experience success when our leadership is holding space and taking initiative to nurture our community and expends energy and time to follow through with logistics and implementation of our endeavors. We measure success by testing the strength of our relationships and the impact of our actions. We take risks and push ourselves to the limits to pursue what we believe in. We play a vital role in our community by striving for a more inclusive and equitable space.

ECLA, addressing social problems and challenges.
